

## *Pulmonary Function Testing (PFT) Information*

---

You have been scheduled for a Pulmonary Function Test (PFT) at our office. A PFT is a series of breathing tests that are performed in an enclosed box that demonstrates difference abnormalities in lung functions. Some patients may not be able to complete this test. Please review the following questions. **If you answer “YES” to any of these questions, please contact our office at 816-389-6100 for further evaluation before your test.**

1. Have recently been an in-patient in the hospital and been treated by one of our physicians?
2. Have you had a full pulmonary function test within the last 12 months?
3. Do you currently weigh more than 350 pounds?
4. Are you restricted to oxygen use and unable to go without it for 45-60 minutes?
5. Are you restricted to a wheelchair?

Please do **NOT** use any inhalers for 4 hours prior to your scheduled PFT test time.
